**FROM THE DESK OF CHUY DÁVALOS . . .
. . . GET READY TO CROSS THE JORDAN RIVER**

“Moses my servant is dead. Now then, you and all these people, get ready to cross the Jordan River into the land I am about to give to them—to the Israelites.” Joshua 1:2

Such were the words that God gave to Joshua immediately after Moses had been removed to be taken by God to Heaven. Moses had been the man that God used for 40 years to guide the people of Israel to the Promised Land. As the Bible says, “Since then, no prophet has

risen in Israel like Moses, whom the Lord knew face to face, who did all those miraculous signs and wonders the Lord sent him to do in Egypt—to Pharaoh and to all his officials and to his whole land. For no one has ever shown the mighty power or performed the awesome deeds that Moses did in the sight of all Israel.” (Deut. 34:10-12)

With such a declaration of the singularity of the person of Moses, it seems impossible to find someone that could fill his shoes. But God had already put his eyes on someone that Moses needed to have recommended to him. (Num. 27:15-23) Perhaps the people of Israel, in comparing Joshua to Moses, saw him as having less character, wisdom, maturity, sensibility, and human quality. But God soon showed them that it is not man but rather God that makes things happen.

Joshua already knew this. He also knew that for miracles to happen, the people had to be right with God. For this reason, Joshua, upon confronting his first great challenge, the crossing of the Jordan River—raging, violent, and frightening at flood stage—said to the people, “Consecrate yourselves, for tomorrow the Lord will do amazing things among you.” And the people consecrated themselves, and the Lord worked miracles.

Here at Agua Viva Ministries, I, Jesús Dávalos, founder of Agua Viva Ministries and owner of the Rancho Agua Viva property in Ensenada, Baja California, Mexico,

If any man is thirsty, let him come to me and drink. He who believes in me as the scriptures said, 'From his innermost being shall flow rivers of living water.' John 7:38

FROM THE DESK OF CHUY DÁVALOS GET READY TO CROSS THE JORDAN RIVER

Continued from page 1

have chosen to transfer the property to the Mexican registered Civil Association of Agua Viva Ministries (registered with the legal name of “Defensores”). Although I have not died nor am I disabled, I am aware that I am older and have some medical problems that have kept me from doing things as I have done in the past. For this reason I am in the process of transferring the ministry to those that the Lord has chosen to take my place.

Of course, as the Lord has not given me a retirement, I will continue to teach, evangelize, do missions, counsel, write, and preach. I will continue on at Agua Viva Ministries as one of the

members of the Board of Directors, being involved in the seminary, teaching, counseling, preaching, and “missioning.”

Now, the same as Joshua, Agua Viva Ministries has before it a raging, violent, and frightful Jordan River: the raising of a great sum of money to be able to move forward. What God said to Joshua, He says to Agua Viva, “Get ready to cross the Jordan River.” The God of Joshua is our God, and He will take us forward.

“Consecrate yourselves, for tomorrow the Lord will do amazing things among you.”

by Chuy Dávalos

GOD’S FAITHFULNESS AT AGUA VIVA

Taking a leap of faith. Admitting we are weak and He is strong. Crossing our own Jordan River. Not easy tasks at all. Imagining what Joshua and the Israelites did, it’s easy to find ourselves once again standing on the edge of the water, nervous to take that next step. But just as the Israelites could look back in their recent experiences and see God’s faithfulness as He parted the Red Sea, we also can look back over the last year at Agua Viva and see His faithfulness over and over again.

We have mud! We are in a drought here in Baja California, and there’s not much water to go around. In fact, we are one of the few ranches in the area that still has water in our well. Not only is it a miracle that the Lord has sustained our water with the thousands of visitors we have coming through our ranch throughout the year, but it is a blessing that He has provided a permit to dig a deeper well. And in the meantime, He’s sent rain to bring life back to the land and mud back to the ranch!

VCC Dublin pouring cement at Pastor Daniel’s church

We have expansion! Valley Christian Center of Dublin is partnering with a growing church just outside of Ensenada. Daniel, pastor of this mission church, asked VCC Dublin to dream big with him...and they did! Team leader Tim Ludden said in an e-mail prior to their July trip: “From logistics, to who is and who is not on the team, to the design of the church building, to the greatly increased budget, to where we are going to get all of the money needed, to

how are we going to get the group down to Ensenada when nobody wanted to rent to us the vans that we needed, to planning for the devotions, to trying to develop a daily schedule that will work, I don’t think I’ve ever worked this hard mentally in preparation for a trip. God has blessed us with \$55,517.57 for this year’s trip! I think that it’s important to note that we have never had a budget larger than \$39,000. I think that it’s also important to point out that we have received

over \$7,000 worth of donated materials for this project. That’s over \$62,000 in all! That tiny little 484 square foot building that 50 plus people call a church, indeed is going to be replaced by a 5160 square foot

Continued on page 3

GOD'S FAITHFULNESS AT AGUA VIVA

Continued from page 2

two-story building on that quiet little corner in Ensenada!" This summer we have seen the place of the tent enlarged, the curtains opened wide, cords lengthened, stakes strengthened, and a church that has spread to the right and to the left (Isaiah 54:2-3).

We have guardian angels! It seems that our guardian angels have been working overtime this year watching over our staff members. We've had several car accidents, robberies, broken ribs, and numerous illnesses that the Lord has faithfully seen us through. Though these obstacles may have made us limp a little, praise the Lord that it was only a limp!

These are only a few of the many examples of God's faithfulness that came to my mind. We have seen our own parting of the Red Sea, our own cloud covering

Preparing the beams for Pastor Daniel's church

in the desert, our own miracles. Now it's our turn. Just as the Israelites followed the Ark of the Covenant through the Jordan, we too are taking that leap of faith, that first step, and following the Lord's leading. And it won't be long before we too will be able to share again of the Lord's faithfulness: "In the future, when your children ask you, 'What do these stones mean?' tell them that the flow of the Jordan was cut off before the ark of the covenant of the

Lord. When it crossed the Jordan, the waters of the Jordan were cut off. These stones are to be a memorial to the people of Israel forever." (Joshua 4:6-7)

Praise the Lord for His faithfulness!

by Linda Simon

VISION 21 UPDATE

General:

- ✓ We have begun to ask God and friends of the ministry to stand with us in investing in the future of Agua Viva Ministries with offerings toward the transfer of the land of Rancho Agua Viva to the Mexican Civil Association. We have named this project the River Jordan Project.
- ✓ This month we expect to receive permission to dig a deep well.
- ✓ The group from numerous churches in Orange County came down and began the renovation of our beloved Lupe and Graciela's house. They have lived there for the last ten years. The renovation includes upgrading the 4 cubic foot propane refrigerator to 8 cubic foot, retiling the floor, installing a new bathroom sink and cabinet, straightening the positioning of the toilet, moving the wall heater to accommodate a sofa, repairing a 1" crack that was in the block

wall that ran from the ceiling to the ground in one of the bedrooms, painting the entire house inside, and installing two much needed closet doors in the bedrooms. Thank you, wonderful friends from Orange County.

Seminary Site:

- ✓ At Quad #5 new sidewalks and steps were poured making walking to the classrooms easier for the students in the rainy season. Thank you, Orange County Churches.
- ✓ Cabinets were installed in the temporary seminary office, as well as the seminary laundry room. Thank you, Orange County Churches.
- ✓ Four bleacher footings and two bleachers were poured at the site of the new basketball court. Thank you, Lake Mead Christian Academy.

Continued on page 4

VISION 21 UPDATE

Continued from page 3

Camp Office:

- ✓ The new parking area now has grates over the drainage that goes through the center of the parking lot, making it 90% functional. What a blessing this has been with the rain and mud we have been having! Thank you, mighty men of VCC Dublin.

Electrical upgrade:

- ✓ The electrical work in the Chapel area was repaired after a branch fell on a main wire during a summer windstorm. Thank you,

Orange County Churches.

- ✓ A pipe hanging across the river holding high voltage lines was repaired after it broke last summer. Thank you, Orange County Churches.
- ✓ We are in the process of the finishing touches of repairing our large Hercules generator. This generator should save us up to \$500 a month in fuel bills per month.

“KEEP GOING, TEACHER, PLEASE!”

“Keep going, Teacher, please!” they told me excitedly.

It was 7:45 PM, dinnertime, and my students were asking me to continue the class. Someone else added, “It doesn’t matter if we don’t eat! We want to hear more about the subject.” This was the second night that this happened, and I was surprised.

The journey began at 7:00 AM. I had spent practically the entire day teaching classes and they wanted more. I did not know what to do; I thought that they would be so tired, but they weren’t.

God keeps surprising me each day. I can see an unquenchable hunger to know the Word of our Lord more than ever in the group of students that we have the privilege of teaching this year.

Each generation of students that has come to MTI is different from every other group, before and after. Still our Lord does a miraculous work in the lives of each of them and I know that I will always be surprised by His work, day by day, year by year, generation by generation.

At this stage in the ministry, we find ourselves faced with the challenge to complete the land transfer. This is an enormous task, but we have an enormous God that is on our side. Our faith is challenged, but we believe that the Lord of the impossible can make things happen.

Ministry Training Institute Students, Fall 2004

While this is going on, we stand awed seeing the hand of God working in the hearts of the students to whom we have the privilege to minister. We press forward, fulfilling our calling to equip leaders who in turn are called to fulfill the Great Commission in Mexico. We continue searching first the kingdom of God and His righteousness, trusting that He will supply what we lack, through His children with generous hearts that are sensitive to His voice.

And in the meantime we see His hand working, we marvel at Him, and I join with the group of students to say in unison to our Lord, “Keep going, Teacher, please!”

by Valentin Favela

THE RIVER JORDAN.... “step into the River and it will dry up!”.

Wow!

Already 2004 is coming to a close.

As we look back over this year, I'm sure each of us can recognize God's watchcare over our lives. What an amazing comfort to know that all the experiences and challenges that come our way are for our ultimate good.

I've often times found myself wanting to have a sit-down meeting with Him and question His judgment. Still, **I am convinced that sometimes God wants us in that position—in a quandary as to why certain challenges come our way.** It is during those powerless times that we learn to completely trust Him for His answers and His provision. Once we begin to grasp that concept, we can meet seemingly insurmountable issues with excitement and anticipation.

During this year at Agua Viva, we have experienced those kinds of encounters with God in abundance! Allow me to explain.

First, a brief history of Agua Viva.

I'm sure all of you know that Agua Viva was founded by Chuy Davalos many years ago. At that time, the camp was nothing but bare land with some trees and cacti. But God gave Chuy and his early collaborators an

amazing vision for a place where people could hear about and respond to God's plan for their lives; a place where men and women could be trained to be leaders in their village churches; a

place where people could experience the passion of serving God in a missions environment, to forever change the way they view the world!

As time passed, the camp experienced overwhelming blessing from God, and has developed into the place that it is today: a vibrant, full service facility with many beautiful buildings and a wonderful staff of people committed to serving the Lord and His people. **God has used Agua Viva to bring thousands of people to Him, and to make heaven a more populated place!**

Early on, Chuy and his collaborators recognized that God was going to bless the ministry, and felt responsible to maintain faithful stewardship. Chuy began to ask God for a team of men and women to develop and facilitate the vision for the future of the ministry. Out of this came the Agua Viva Board of Directors.

In recent years, as the camp has gained value, not only in terms of ministry, but additionally financial value, Chuy and the Board of Directors saw the need to form a Civil Association, Mexico's version of incorporation. Chuy would transfer the land, which, until now, has been held in his name, to the Civil Association. The Civil Association would own the camp and ensure its continued effectiveness for generations to come. Many meetings

were held, countless documents drafted, and spools of government red tape unraveled, until we finally obtained everyone's blessing to transfer the land.

That brings us up to this past summer.

Since all the reams of paperwork had been completed, we felt confident that we were almost finished with the process of passing the baton from Chuy to the Civil Association, much like we read in the book of Joshua about the transfer of Moses' leadership to Joshua.

At God's leading, Moses had been training Joshua to assume the role of leadership, once he had accomplished the work God had for him. Then we read in Joshua 1:1-2,

“After the death of Moses the servant of the Lord, the Lord said to Joshua son of Nun, Moses' aid: 'Moses my servant is gone. Now then, you and all

these people, get ready to cross the Jordan river into the land I am about to give them - to the Israelites' ". Joshua was now the appointed leader. It was up to him to lead the people into the long awaited Promised Land.

Imagine his excitement! Surely God would lead them right into the land without a hitch, right? This was going to be easy. He surely would find a bridge across the Jordan River that he hadn't known about. Wrong, wrong, and wrong!

The first assignment God gave Joshua was one that was totally beyond what he could accomplish on his own. He was staring at the Jordan River, at flood stage, with the whole nation following him and depending on him.

The leadership of Agua Viva is now faced with a “Jordan River” of our own. When we approached the government to complete the land transfer, we were informed of the transfer tax that would be due and payable, equivalent to 20% of the value of the property.

Rancho Agua Viva property has been appraised at \$550,000, which calculates out to \$110,000 taxes that need to be paid within 90 days of the application! Add to that the Board's recommendation that we purchase the two properties on either side of Agua Viva for the purpose of expansion and/or buffer from neighbors. That brings our total target goal to \$150,000, needed practically immediately.

Wow! How's that for a God-sized challenge?

But just as God told Joshua to step into the river and it would dry up, we are convinced God would have us move forward with this critical step of stewardship. Joshua was known for almost 40 years as “Joshua, servant of Moses.” God's preparation for him required years of

selfless service, training in the desert, and tests of faith, such as crossing the Jordan. Those preparations were designed to move Joshua into each new stage of development and his ultimate calling.

I believe God allows Rancho Agua Viva to experience these times of preparation to lay a foundation that He plans to build on. Some of the times appear to be overwhelming and insurmountable, yet they are what God is using to shape this camp for the message He plans to speak through it. Without these foundational experiences, the Jordan River can never be crossed and we cannot enter the Promised Land.

So we, the Board of Directors of RAV, embrace these times of seeming testing from God with excitement and anticipation. As we enter into this stage, we are reminded of Apostle Paul's words in Philippians 1:6: **Being confident of this, that He who began a good work in you will carry it on to completion until the day of Christ Jesus.**

We are thankful to have such a strong under girding of supporters and prayer warriors, such as you. That is why we bring this need before you.

We stand confident, as Paul did, that God will provide for the needs of the camp, and will glorify Himself in the process. **This will be a miracle that cannot be explained away, but will be an obvious work of the Lord!** Please pray with us as we each consider how He would have us respond individually and collectively.

As we approach year end, we understand that this time of year presents a special opportunity to many of our friends for a special contribution.

The Board Members have pledged to help in a special way, as God provides.

After sharing our need with a few trusted friends of Agua Viva, we have been blessed to know that some churches and individuals are

also prayerfully considering a special gift to the ministry. If you might be able to do so, and feel that the Lord is directing you to do so, we ask that you consider a one-time special gift to Agua Viva at this time.

If you are able to help us with this Project, please designate your funds to:

River Jordan Project
Agua Viva Ministries,
PO Box 1488, Lemon Grove, CA 91946

As always, we covet and we thank you profusely for your prayers. You bless us! May our Lord bless you.

This special edition of the Agua Viva Overflow newsletter comes packed with a big challenge, as communicated by our Board of Directors.

PRAYER AND PRAISE

The word of God says in Hebrews 11:6 (NLT), "It is impossible to please God without faith." Jesus says in Mathew 9:29, "According to your faith will it be done to you." Faith and prayer must go hand in hand.

As we pray for the Jordan River Project we want to have the faith that Joshua and Caleb had when they spied on the Promised Land with ten others. (Numbers 13) They all saw the same thing, a land full of abundance and populated by giants. But ten of the spies told Israel they could not take this land. Caleb and Joshua, however, said they could and should. The difference was Caleb and Joshua's faith in God.

This eventually led to an historic turn for Israel: instead of conquering the Promised Land, Israel wandered in the desert aimlessly for forty years. It wasn't until after those forty years had passed that Joshua and Caleb, the men of faith, led the new generation of Israel through the Jordan River and into the Promised Land.

As we face our own giants and our own Jordan River—this great incredible challenge of raising the funds to transfer the land—we seek Him. Humanly speaking we feel this goal is impossible, but with God *all* things are possible. Please stand with us in faith, prayer, and action this month. The end of Hebrews 11:6 (NLT) says, "He rewards those who sincerely seek Him." Let's seek Him!

by Brent Searway

We praise You, Lord, for

- ✓ Thank you Lord, for sending your precious Son, a gift for all mankind! We praise you, God!
- ✓ We praise you for your direction and faithfulness, as well as a chance to see You work through the Jordan River Project!
- ✓ Thank You for your faithfulness to all of us here at Agua Viva Ministries throughout the year.
- ✓ Thank You for the brokenness and new hearts we have been seeing in the seminary students these last few weeks. We praise You for You are the living God who changes lives daily! We praise You!
- ✓ We praise You Lord, for the rain You have given us these last few weeks! You are our provider!
- ✓ Thank You for your provision thus far for the seminary.
- ✓ Thank You for Your provision of a 15-passenger van. Thank you, First Baptist Church of Coalinga, California.

Please pray with us

- ✓ Please pray for this miracle, **the River Jordan Project**. May we see God incredibly provide through His people, to see the transfer of the land to the Civil Association. This will ensure, as much as possible, that for many generations to come this land will be used for God's glory. Please pray about what part God would have you play in this historic event in the life of Agua Viva Ministries. Be a part of this miracle!

- ✓ **This February we will take a trip down south** with many of the staff members as well as leaders in missions in the community. Our purposes are the following: to visit our missionaries in the field, to encourage, to counsel, and to help their churches and church plants grow by bringing evangelistic events to their communities. There are also two areas where we have been asked to plant new works, so we will be scouting for possible believers in these areas that we could train and send out. Another option would be to send one of our already trained workers into these fields to begin a church plant. We also hope to be extending how we are reaching Mexico for Christ in the future. We might even consider opening another Agua Viva in the south of Mexico. We will be investigating the possibility of a future campground. The dates of the trip will be February 4-March 2. (We still have room for 2 people. The cost of the trip will be \$500/person. If you are interested in accompanying us, please contact us soon. It's guaranteed to be life-changing!)
- ✓ Please pray for **mission trip support money** to come in, as everyone has to raise his or her own money.
- ✓ Please pray as we are in the stages of preparation for this **next Easter's youth camp**. The theme is "The Great Rescue," and the theme verse is Rev 3:2.

Continued on page 8

PRAYER AND PRAISE

Continued from page 7

- ✓ Pray for the possibility to drill a **new well** to provide adequate water for ministry purposes in the future. We need a permit and about \$20,000 more dollars. We have a person who has agreed to give us his well permit this December. Please pray that he follows through on his word.
- ✓ Please pray for **funding for the Ministry Training Institute**. We have 27 students this year. That means 27 x \$1,250 = \$33,750. We presently have \$30,250, meaning that we must raise \$3,500 to finish the year.
- ✓ Please pray for a full-time **Assistant Seminary Director/Teacher** to help with this incredible ministry.
- ✓ Please pray for **the students**, that they will find the perfect place to minister as they return home in December, and that they will put into practice all that they have learned.
- ✓ Lord, we continue to ask you to guide us as we seek to fill **key positions in the ministry**: Professors for MTI, an Administrative Director, and a Construction Coordinator that will work with the groups and plan for construction at camp. We pray that you would provide people who are strong in their walk with you, who have good character, and are competent to be part of the incredible team you are forming here. Thank you in advance, Lord, for these wonderful team players!
- ✓ **Lord, we pray for Your guidance** as we prepare for the ministry in 2005, that You would guide us to be what You would have us be, so we can show Your love to a lost world.
- ✓ Please pray for our ability to find someone that can figure out what is going on with **our walk-in refrigerator and why it is not working**. It has been out of order since early summer and we are baffled at what the problem is.

Camp Office needs

- ✓ Conference table(s) and chairs.
- ✓ Laptop or desktop computers IBM Compatible Minimum of Pentium III
- ✓ Computer software: Microsoft Windows (98SE, 2000, 2000 Pro, XP Pro), Microsoft Office (97, 2000, 2003), Corel Draw (any version), Adobe Illustrator/Page Maker/PhotoShop (any version)
- ✓ Office chairs

Staff needs

- ✓ Small reliable economy car or truck
- ✓ Prayer and financial support for Scott Acock (Information Technology/Administrative Assistant), Valentin Favela (Seminary Director), Isaias Hernandez (Group Coordinator and Translator), and Linda Simon (Programming Director). \$200-\$400/month
- ✓ Propane refrigerator 6-8 cubic feet.

Ministry Needs

- ✓ Bass speakers (Concert style)
- ✓ Professional Keyboard and Drum set for concerts at the camp.
- ✓ Folding 6" or 8" tables
- ✓ Round folding tables
- ✓ Batteries AA and D

Training Institute Needs/ Missions

- ✓ Clothes washers and gas dryers for their laundry room
- ✓ 30 Individual Student desks
- ✓ Life Application Bibles in Spanish (Diario Vivir) Version Reina Valera 1960
- ✓ Halley's Bible Handbook in Spanish
- ✓ Bible dictionaries in Spanish.
- ✓ 1 1/2" Binders, college ruled binder paper, plastic zippered pouches for binders, pencils, pens and highlighters in pink, yellow and blue.
- ✓ Peechee type folder with binder holes.
- ✓ Shampoo, soap, deodorant,
- ✓ Granola, dried milk, beans, dried mashed potatoes, rice, cooking oil, dish soap
- ✓ Speaker with built-in amplifier for classes and missions trips.

Maintenance and Kitchen Needs

- ✓ Commercial blender
- ✓ Small, good running pick-up (preferred with lumber rack and boxes) Toyota, Nissan, Ford, etc.
- ✓ Commercial stoves
- ✓ Solar 40 amp charge controller for a solar system to provide light in the early morning and power for food processors and blenders.

GET TO KNOW OUR BOARD OF DIRECTORS . . . DANIEL DYK

We would like to introduce you to an incredible part of the Agua Viva Ministries team, the Board of Directors. They are men and women who love the Lord and want to see Mexico reached for Christ. They meet several times a year to plan for the future and each is personally involved in the ministry in one way or another.

Dan Dyk currently serves as the President of the Board of Directors at Agua Viva Ministries. He began his involvement with Agua Viva over twenty years ago. In 1985, after five years of supporting Agua Viva, Dan had the privilege of personally visiting the ranch and was able to see the great potential of the ministry and the property.

Since then his interest and desire to be a part of Agua Viva has not only grown but has led him to the position of leadership on the Board of Directors that he has participated in for over fifteen years. The responsibilities of the position he holds on the board include such tasks as helping maintain and update the website, editing the eGoodnews email newsletter, assisting with marketing, staff assessment, and facilitating board meetings. Dan also enjoys scheduling and participating in ministry trips to Agua Viva.

Dyk Family from left to right: Jonathan ("Jono") and his fiancée, Andre; Kim; Dan; Karina; Charissa

Dan and his wife Kim have been married for over twenty-five years, and have three children. They live in Villa Park, which is in Orange County, California. They are currently involved at Calvary Church Santa Ana. Dan has done corporate IT work for the past 10 years, and Kim is a home school teacher. All three of their kids have or are attending Biola University and were part of Torrey

Board of Directors from left to right: Daniel Dyk, Greg Latimer, Dennis Ackley (in front of Greg and Dan), Dr. Fernando Lizarraga, Rodolfo Hernandez (in front of Dr. Lizarraga), Chuy Dávalos, Michele Evans, Fabian Córdoba, Brent Searway, Pastor Ramon Ruiz
Not Shown: Ruben Castañeda, Eric Ericsson, Nancy Ronk

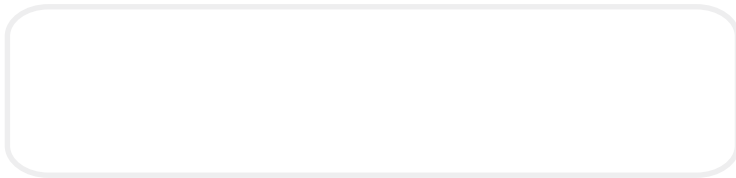

Honors Institute. Dan and Kim both met at and graduated from Biola as well.

Jonathan, their oldest and only son, served in Iraq last year for 9 months as a United States Marine. He has graduated from Biola with a degree in Philosophy, is in the process of applying to law school, and will be getting married this next summer. Charissa, their oldest daughter, is finishing her degree at Biola, and spent this last summer working at a dude ranch in Montana. Their youngest daughter, Karina, finished her first year at Biola and is currently taking several art classes at another college. Karina participated in a weekend trip to Agua Viva in October with Dan and Kim.

Dan has a close family who enjoys spending time together. Throughout the years each member has worked at Agua Viva on everything from cement work, building basketball courts, sifting the volleyball court sand, VBS in Ensenada, and many other projects. They are all excited for the continued development of the camp as they have had the privilege of watching it grow. Dan is eager to watch and participate in the next fifteen years of Vision 21.

One of the marks of true greatness is the ability to develop greatness in others.
